

QUEST

HONORS PROGRAM

QUALITY ENHANCEMENT SYSTEMS AND TEAMS

Quality Enhancement Systems and Teams (QUEST) is a multidisciplinary, reality-centered program for University of Maryland undergraduates from three participating colleges of the University, including:

Students participate in a challenging course of study cultivating **quality management, process improvement, and system design skills** through team projects and co-curricular programming. Both inside and outside of the classroom, QUEST projects and co-curricular programs are focused on **real-time innovations, organizational challenges and/or issues** facing undergraduates, organizations and society today.

Applications open each December for all interested freshmen.

October 15th – Tabling in CSI Building from 10am-3pm
