

University of Maryland Department of Physics

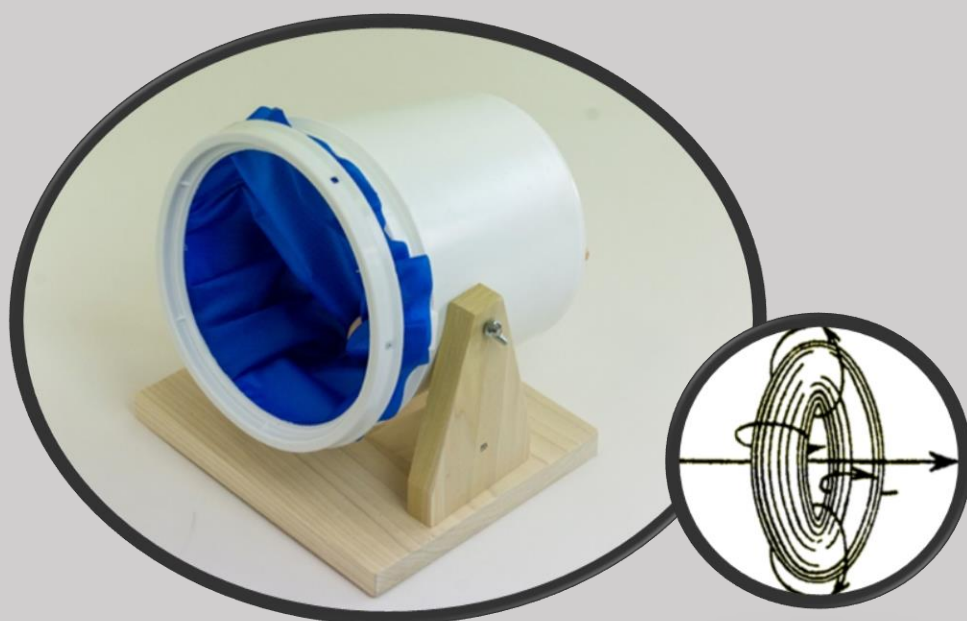

Join our Maryland State STEM Fest Event!

Registration link: <https://ter.ps/statefestphy>

In this virtual/hands-on workshop, participants will build their own vortex generator. Participants will learn the exciting physics behind this cool demonstration! Logistics can be found on the registration form and follow up emails.

This event is part of the UMD Makerspace Initiative and supported by Physics Vortex Makerspace!

Event Details:

Saturday, October 24th 10:00-11:30am

Sunday, October 25th 10:00-11:30am
