

UNIVERSITY OF MARYLAND

DEPARTMENT OF PHYSICS

Scholarly Paper for Candidacy

Student Name _____

UID _____

Committee Members:

_____ (Chair/Advisor) Department/Affiliation _____

_____ Department/Affiliation _____

_____ Department/Affiliation _____

Paper Title: _____

I am the sole author of this paper _____ (Signature of student)

This paper demonstrated that the student has an appropriate level of mastery of written scientific communication for a graduate student entering candidacy.

_____ (Initials of committee members)

This paper demonstrated that the student has sufficient background knowledge of their field of research to do meaningful Ph.D.-level research.

_____ (Initials of committee members)

This paper demonstrated that the student has identified one or more issues for future research and has a clear plan on how to conduct Ph.D.-level research on them including identifying the key challenges in making progress. The research plan need not be for the remainder of their Ph.D. studies, but minimally includes the next phase of research.

_____ (Initials of committee members)

I approve this scholarly paper:

_____ (Signature of Committee Chair/Advisor)

_____ (Signature of Committee Member)

_____ (Signature of Committee Member)
