

# Create Your Own House Banner

## Physics Camp at Home Activity

This fun activity happens on the second day of Quidditch Camp right after all the campers have been sorted into their Houses!

**House Banners!** Each House creates an amazing banner that tells the tale of their House. They are brightly decorated and include a House crest. Some House members include illustrations of animals, creatures, science symbols, mottos, and much more! Use the suggestions below to create your own House Banner!

House Banner Creation Suggestions:

- **House Colors:** Pick one or two colors to be the theme of your House. Helpful examples: Gryffindor's colors are red and gold. Slytherin's colors are green and silver.
- **House Motto:** Include at least one motto (in any language). The motto should represent the goals of the House. The motto exemplifies the characteristics and qualities of the members of your House.
- **Science Symbols:** Include at least 3 science symbols that represent your House.
- **House Animal/Creature:** Include an animal or creature that represents your House.
- **Images or Logos:** Add images or logos that represent the interests of your House. These can be sports, hobbies, travel, volunteer activities, etc.

Have fun! Share your banner with friends and family!

**We would love to see your banner! If you would like to share your banner or have us post your banner to our website, email it us at [physicscamps@umd.edu](mailto:physicscamps@umd.edu)!**
