

Declaration of Minor in Physics

Office of Student Services * Department of Physics * 1120 John S. Toll Building * ugrad@physics.umd.edu

Name : _____ UID: _____

Major: _____ Expected Graduation Date: _____

- All courses must be completed with a grade of C or better to be counted towards the minor.
- No more than 7 credits in this minor can count toward major requirements. Students with more than 7 credits of overlap must substitute non-overlapping 300 or 400 level courses from the above list to reduce the overlap to no more than 7 credits. Overlap is determined by the student's primary major department.
- Other upper level Physics courses can be substituted only with approval from the Department's undergraduate director and the Faculty Minor Advisor.
- Physics majors and students majoring in Astronomy are not eligible to complete the Physics Minor due to the large number of overlapping course requirements.

Student initials here -- _____

Courses required for the minor	Semester	Grade	Credits
One from: PHYS174, PHYS261, PHYS271 Course: _____	_____	_____	_____
One from: PHYS272, PHYS260 Course: _____	_____	_____	_____
One from: PHYS273, PHYS270 Course: _____	_____	_____	_____
plus Three from the following: PHYS371, PHYS373, (PHYS401, PHYS402, PHYS404, PHYS410, or PHYS411 Other courses may be used with approval Course: _____ Course: _____ Course: _____	_____	_____	_____

Prerequisites

MATH 140 (4), MATH 141 (4), MATH 241 (4), PHYS274 (3) or MATH 240 (4), and PHYS 161 (3) or PHYS 171 (3) are prerequisites for some of the courses in this program.
